### INCREASE YOUR DISABILITY AWARENESS – ONLINE COURSE

Register **NOW** to learn more about disability and diversity in the workplace and community!

Hampton, Virginia, October 1, 2021 – Connections Access Consulting Services, LLC (CACS) is offering an online course *Increase Your Disability Awareness* to heighten your awareness by examining misconceptions and stereotypes about people living with disabilities.

“I believe in the area of the disability arena, a long overdue need being offered by CACS will help to promote change and hopefully breakdown barriers, also how to interact with people in a inclusive way by using appropriate language; how to offer assistance, the myths and facts and perceptions regarding people with disabilities, and how to focus on the person rather than the disability. We may never be politically correct all the time, but with effort and willingness to learn, barriers can be broken!” –Ellen Shackelford, Founder/President / Author / Motivational Speaker / Coach / Facilitator

Upon completion of the course, participants will receive a certificate of completion and also will be publicized on Connections Access Consulting Services, LLC web site ( <http://cacsllc.info/>).

For over a decade, CACS has contracted to facilitate a course entitled, “Disability Awareness...Inclusion & Access for All.” A Level I course for Citizens’ Unity Commissions’ Hampton Diversity College.

Connections Access Consulting Services, LLC is a consulting business specializing in Disability Etiquette. We focus on ensuring the awareness and unconscious injustice of an aging society through training, and programs necessary to address the importance of inclusion. CACS is dedicated to getting the word out by educating and advocating for one person, group, organization, business, church, and school/college, one at a time.
